

# Know Before You Go

## How do I register or pay?

- Register/Pay in advance (up to a week before the event):
  - Register online at [Rock Shoot Registration](#)
  - Pay online via PayPal or send a check to TBW (details on the registration form)
- Register/Pay On site
  - Registration is open Friday morning (depending on attendance, we may open on Thursday)
  - Pay with cash or check only (no electronic payment)
- NOTE: there is an additional fee for camping on the “other side of the fence” (there are signs when you arrive)

## Camping

- What should I expect when I get there?
  - Camping options are open, first come/first serve and the areas are marked
  - Porta-potties are stationed on both sides of the camping areas and are serviced a few times through the weekend
  - There is no running water or electricity and cell service is spotty at best (the regulars can tell you the best place to get a signal)
  - Vendors will be onsite with archery equipment and supplies, clothing or crafts and all are cash only
  - There are no food vendors, so bring what you plan to eat
- Can I use a generator?
  - Yes, generators are fine, but cannot be used during quiet hours (10pm – 7am)
- Can I bring my dogs?
  - Yes, but they must be on leash or in pens at all times
- Am I permitted to have a fire?
  - Yes, but only if you have an **above ground fire pit**
  - This is a very dry area and fire safety is a concern
  - If you bring wood, you must pack out anything not used when you leave

## Shooting

- Is this a scoring event?
  - We'll usually do a few fun events (like a single arrow shoot), but no scorekeeping
- Can I use a compound bow?
  - This is a traditional bow event with field points only (no broadheads)

## How do I get there?

- Directions
  - From Moses Lake, head North on Stratford Road towards "Stratford"
  - Turn right on Road 12NE, just past the fire station on the right
  - One mile after you cross irrigation canal bridge (just past Road M), turn left on dirt road
  - Road will be marked with a TBW sign... it is an easement road and crosses private property
  - Follow it northerly over 2 cattle guards for approximately 3 miles to site (on the right)
- Things to know
  - This is a very remote area, but you will pass by multiple properties driving to our site
  - There is no specific address and you will likely lose cell signal on the dirt road
  - This is a rough dirt road that can be pretty bumpy, but is safe for travel trailers (you'll just need to drive slowly)
